

## **Declaration of REACH Conformity**

### **Part 2: Products containing articles with SVHC**

Power Integrations is committed to meet all regulations concerning the REACH Regulation (EC) 1907/2006, which came into effect on 1 June 2007.

The High Power products manufactured by Power Integrations' suppliers meet the definition of an article under the REACH regulation.

PI suppliers state that no substances are released intentionally from these products, thus no registration obligations exist according to REACH article 7 (1).

Based on our knowledge and the information obtained from our suppliers, the products declared in table 1 might contain articles (diodes, transistors and IC's) and/or leaded soldering which exceed the threshold of 0.1% (w/w) concentration of the Substances of Very High Concern (224 SVHC, Candidate List published by ECHA in accordance with Article 59).

This information is not intended to substitute for any testing that may be required to determine the suitability of the products for any particular application.

Power Integrations makes no guarantee of results and assumes no obligation or liability whatsoever in connection with this information.

Sincerely,

---

Sunny Gupta  
Vice President, Operations
